Qualification Process

60 anglers qualified for the Toyota Texas Bass Classic based on points standings from one of two categories:

Top 20 from PAA Tour Level Points

All 2009 Events are included in the PAA Tour Level Points list except FLW Series West Clear Lake.

Double qualifiers worked off the 2009 PAA Tournament Series Points List.

Top 40 from PAA Tournament Series Points

The PAA Tournament Series consists of three events held during the 2009 year. Points were accumulated based on finish in each event.

2009 PAA Tournament Series Winners:

Lake Toho Brian Snowden
 Neely Henry Todd Auten
 Toledo Bend Rick Morris

Tournament Purse

Anglers will compete for a share of \$500,000 with \$250,000 in cash and prizes going to the champion.

Format & Rules

The Toyota Texas Bass Classic is a three-day individual, professional bass angling event. Standings are based on cumulative weight total over the three days. Anglers will be allowed to post weight on their five largest bass caught. Following day two, the field will be reduced to the top-10 (the "Tundra Ten") for the final day's action.

The tournament features a unique catch and release format that requires all fish greater than 14 inches to be weighed and the top five caught each day are credited to each angler. Fish falling within a 14-inch to 21-inch size range will be weighed in the boat and recorded by a certified and independent judge before being immediately released back into the lake.

Each contestant will be allowed to keep one fish (per day) 21 inches or larger, which will be weighed onsite at the stage, then turned over to the TPWD for proper care, handling and release back into the lake. Fish over 21 inches will be transported to the stage by a specially equipped Toyota Tundra with a purpose-built, aerated tank installed in the bed.
